

WisdomForce Joins Oracle Partner Program

Oracle PartnerNetwork Embraces WisdomForce products to Deliver Added Benefits and Resources to Customers

Seattle, WA – November 20, 2006 - WisdomForce™ Technologies, Inc. (www.wisdomforce.com), a leading provider of next generation high-performance data movement and integration solutions, today announced it has been invited to join the Oracle Partner Program, Oracle PartnerNetwork. Oracle provides partners with the ability to gain access to its products and solutions for additional growth opportunities, education, and access to its technical services and support from all lines of business within Oracle. As a member of the Oracle Partner Program, WisdomForce will establish a closer collaboration with the Oracle development community to ensure seamless integration and quickly leverage new improvements in Oracle technology.

The goal of the Oracle PartnerNetwork is to simplify and consolidate offerings from multiple product groups, delivering a best-of-breed program. Participants benefit from the close collaboration within the Oracle development community – ensuring seamless integration and that the latest improvements in Oracle technology are quickly forwarded along. “Oracle customers will benefit from the complementary WisdomForce’s solutions for high-performance Oracle data movement. WisdomForce products enabling customer to always have portable accessible data cross heterogeneous environment while moving terabytes and tens of terabytes of the data between different database systems without compromising the performance of existing database system. In addition, WisdomForce products allow high speed Oracle data archiving to portable format and very fast tables reorg” said Mark Forest, Director of Business Development for WisdomForce. “We have a unique solution, and as we build our Oracle competency, we are confident we will expand our reach to these new customers needing the most for the transferring and integrating the Oracle on the market today.”

About the Oracle Partner Network

Oracle PartnerNetwork is a global business network of 17,500 companies who deliver innovative software solutions based on Oracle software. Through access to Oracle's premier products, education, technical services, marketing and sales support, the Oracle PartnerNetwork program provides partners with the resources they need to be successful in today's global economy. Oracle partners are able to offer to their customers, leading-edge solutions backed by Oracle's position as the world's largest enterprise software company. Partners who are able to demonstrate superior product knowledge, technical expertise and a commitment to doing business with Oracle can qualify for the Oracle Certified Partner levels.
